1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

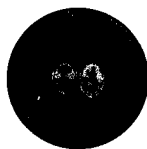

I am a customer of Tega Cay Water Service/Utilities, Inc.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I have been a customer of TCWS for only a little over a year and in that time period, have experienced numerous issues with them. When I moved to Tega Cay, I was already startled at the amount of my water and sewer bills, as they are currently higher than anywhere else I have ever lived (including a cities much larger than Tega Cay - Columbia, Charlotte and Durham). I was even more surprised when I received the notice regarding the proposed rate increase, especially after learning about the number of rate increases that have been approved and instituted in the past few years. Of particular concern are (a) the numerous "boil-water" advisory phone calls I have received due to the possibility of contaminated water, (b) the fact that the water TCWS is providing does not meet the minimum standards for drinking water (excessive amounts of lead) and (c) the number of sewage spills which I have learned about only recently. I understand that the prior rate increases were approved in order to address these issues and it is unacceptable that these issues have not been corrected. These are all serious issues that need to be remedied and it is extremely unsettling that TCWS is allowed to continue to operate (and profit from) the Tega Cay water and sewage system when these matters have remained unaddressed for years. TCWS needs to be held accountable for how rate increases have been spent. This type of mismanagement should not be rewarded or be allowed to continue.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

I will be in attendance at the hearing and can provide sworn testimony if needed.
